## 1985

- 21. 05 – Antwerpen - Technologische aanwinsten in oogheelkunde qua diagnostiek en therapie; laserheelkunde en fluoro-angiografie. Wetenschappelijke vergadering huisartsengroep Antwerpen-Zuid: Antwerpen.
- Juni – Antwerpen- Onze ogen, een kostbaar bezit. Belgische vereniging voor suikerzieken: Antwerpen.
- 18. 09 Maastricht Nederland - Biometrie en lensimplanting in de capsulaire zak. Algemene biometrische studie en persoonlijke ervaringen met biometrie en lensimplanting in de kapselzak. Postuniversitaire nascholing oogartsen Noord-Nederland:
- 26. 10 -Brussel - Maculair oedeem na Yag laser capsulotomy. FAB club: Brussel.
- 05/11 -Luik Lens Implantation in the capsular bag. Intercapsula Luik
- 07. 11 -Turnhout- Het rode en het pijnlijke oog. Janssen Research Foundation.
- 07. 11 -Boom Het pijnlijke oog. Postuniversitaire cursus, Artsenkring Schelde-Rupel: Boom.

---

## 1986

- 01. 02 -Oostende Lensimplantation in the capsular bag. 14e International Congress of Sobeveco:.
- 22. 02. . Brugge- Idiopathische premaculaire gliosis. Fab Club: Brugge.
- 06. 02 Antwerpen- Het oog en de apotheker – Kava, Antwerpen
- 22. 02 -Hasselt - Diabetes en Oogafwijkingen Virga Jesse, Diabetes Symposium, Hasselt

- 09. 06 – Schoten Antwerpen Moderne behandeling en onderzoeksmethoden bij oogafwijkingen. Postuniversitaire Club Schoten
- 10. 6. -Aartselaar Antwerpen- De geautomatiseerde Humphrey field analyzer in de dagelijkse praktijk. Interpretatie van de afdrucken. Perimetrie seminarie,
- 07. 11 St.Niklaas-- Het pijnlijke oog; Postuniversitair Groep Schelde Rupel.
- 11. 12 – Antwerpen- Oftalmologie voor de huisarts Post universitaire vereniging huisartsen Antwerpen Noord
- 07. 10 Brussel - Moderne behandeling van glaucoom Wetenschappelijke avond NV Tramedico 136.
- 15. 03 -Hasselt- Oogafwijkingen bij diabetes. Belgische vereniging voor suikerzieken: Hasselt,
- 20. 04 -Antwerpen - Glaucoom-Medicale behandeling. Oogartsenkring Groot-Antwerpen: Antwerpen.
- 22. 05 -Antwerpen - Moderne behandeling van glaucoom. Oogartsenkring Antwerpen Noord: Antwerpen.
- 09. 06 -Schoten Antwerpen - Moderne oftalmologie. Vereniging voor Academici van Schoten: .
- 10. 06 -Aartselaar Antwerpen - De geautomatiseerde Humphrey Full Field Analyzer in de dagelijkse praktijk. Interpretatie van de afdrucken. Eerste perimetrie seminarie voor oogartsen: De Ceunynck, Allergan Humphrey.
- 21. 06 -Luik- Biometry in lens implantation. Intercapsula Congress: Luik.
- 07. 10 -Hasselt- Moderne behandeling van glaucoom. Oogartsenkring provincie Antwerpen, Limburg. Oost-Vlaanderen. Antwerpen.
- 11. 12 – Ekeren Antwerpen -Oftalmologie voor de huisarts. Postuniversitaire cursus. Kring Antwerpen-Noord:

---

## 1987

- 01-02. 02 Doornik Yag laser capsulotomy in clinical praxis. 15e Internationaal Congress Sobeveco: Doornik.
- 23. 06 – Ekeren Antwerpen -Refractieve oogchirurgie. Huisartsen meeting Sint Lucas kliniek: Ekeren
- 09. 09 -Ekeren Antwerpen Moderne onderzoeken en behandelingsmethoden in de oogheelkunde. Meeting el Sint Lucas kliniek: Ekeren.
- Brussels Kératotomie radiaire dans la pratique courante, 15e Int Congress Sobeveco, ed. K. Wisnia.

---

**1988**

- 09. 01 -Paris - Mes opérations de cataracte au cabinet Symposium de chirurgie ambulatoire Paris D. Lebuissou.
- 09. 01 --Paris La chirurgie ambulatoire en ophtalmologie. Centre Med. Foch :
- 06. 02 -Brussel -Out patient cataract surgery. Symposium Sobeveco : Brussel.
- Juni Antwerpen Lasertherapie: Antwerpen VOSA, Vereniging voor oogartsen, secretaresses en assistenten: Antwerpen 7.
- 18. 07 -Antwerpen- Evaluatie Menselijke Schade Oftalmologie UIA Antwerpen
- 08. 09 – Schoten Antwerpen -Moderne behandelingsmethoden in de oogheelkunde. Ambulante cataract chirurgie Academische Kring van Schoten:.
- 16. 09 -Brussels - XCIII<sup>th</sup> European Congress of Ophthalmology, Sobeveco – ECLSO. - Brussel – Mede-organisator Sobeveco.
- 18. 09 – Brussels -Personal complications of IOL implantation ECLSO; 18th European Congress of Ophthalmology.
- 18. 09 -Brussels Complications and Risks of Yag laser capsulotomy: ECLSO; 18th European Congress of Ophthalmology
- 22. 10 -Liège -L'anesthésie locale du segment antérieur de l'oeil. Symposium sur la chirurgie ambulatoire extrahospitalière, Sobeveco - Alleur
- 2. 11 -Liège Deux ans de chirurgie ophtalmologique dans un centre indépendant de chirurgie ambulatoire. Symposium sur la chirurgie ambulatoire extrahospitalière : Alleur-

---

**1989**

- 25. 05 Hulst – Het Rode Oog Brugge - Huisartsengroep Zeeuws Vlaanderen .
- 21. 02 -Antwerp -Anesthesia and monitoring in ophthalmic surgery Sobeveco
- 21. 02 – Antwerpen- Personal experience with 1500 cases of peribulbar anaesthesia. Sobeveco
- 21. 02 – Antwerpen- Table ronde local anaesthesia Sobeveco
- 21. 01 – Antwerpen- Sobeveco – Loco regional meeting Antwerp – Anesthesia and Monitoring in ophthalmic surgery.
- 17. 02 – Antwerpen -Evaluatie van menselijke schade, oftalmologie. RUCA :.
- Februari -Antwerpen - Moderne oftalmologie. KAVA Apothekersvereniging: Antwerpen.
- 13. 03 -Luik - Personal complications after lensimplantation Intercapsula: Luik.

- 20. 03 Liège- The Galand IOL. Intercapsula Liège
  - 25. 05 - Brugge -Het Rode Oog- Huisartsengroep Zeeuws Vlaanderen –
  - September – Monte Carlo Phaco-emulsification and a 3M bifoca lens. First International Congress of Phaco-emulsification and surgery in .
  - 21. 10 – Sint Truiden -Wanneer een cataract opereren? Vereend congres Sobeveco 17e congres van de Sobeveco, 3de cataract symposium Sint-Truiden.
  - 22. 10 Sint Truiden- Ambulante oogchirurgie: Vereend congres Sobeveco 17e congres van de Sobeveco, 3de cataract symposium .
  - 13 10.–Brussels – Pilot Study and Monitoring during Ophthalmic Surgery under loco-regional Analgesia;
  - 22. 10 -Brussel “Vereend Congres – 17e Congres van de Sobeveco – 3e cataract symposium St. -Truiden: Ronde tafels.
    1. Wanneer een cataract opereren?
    2. Ambulante chirurgie.
- 

## 1990

- 06. 01 -Paris - Les Implants Multifocaux. Un an après: “Les innovations en chirurgie de la cataracte” Vlle Journée microchirurgicale Ophthalmologique du C. M. C. Foch: Paris.
  - 28. 01 -Brussel Nd-Yag posterior capsulotomy: Review of 490 cases. 17e Congres van Sobeveco,
  - 01. 03 – Antwerpen -Oogzorg voor de derde leeftijd
  - 06. 03 -Los Angeles - Results of implantation of 300 3M bifocal lenses – ASCRS American Society of Cataract and Refractive Surgery, .
  - 22. 04 Singapôre -. Personal results with the 3M diffractive multifocal lens: 300 cases. XXVI International Congress of Ophthalmology. Singapore
  - 09. 06 -Hasselt - Oogafwijkingen bij diabetes patiënten. Belgische Vereniging voor suikerzieken. Limburg.
  - 04. 07 -Vienna - Ultrasonography in the diagnosis and follow-up of Ruthenium treated malignant melanomas. Siduo XIII .
  - 13. 10 -Brussel - Tweede perimetrie Seminarie De Ceunynck, Allergan Humphrey,
-

**1991**

- 25. 01 -Antwerpen- Evaluatie van menselijke schade. Invaliditeit en oogletsels. Postgraduate cursus. Universitaire Instelling Antwerpen, departement geneeskunde.
  - 07. 03 - Brussel -Monitoring during ophthalmic surgery under loco-regional analgesia. First European Congress on ambulatory surgery..
  - 02.02.Brussel- Personal Results with Bicanaliculonasal intubation. Voorjaarsvergadering van het Belgisch Oftalmologisch Gezelschap
  - 02. 05 -Leuven - Berekenen van implantlenzen. Interuniversitair postgraduaat oogheelkunde. Refractie en Optica.
  - 26. 05 -Brussel Vision Care Training Course. Biometrie, Echografie, Lens power calculation, 3M, .
  - 25-29. 05 -Zurich– Levocabastine eye drops in vernal conjunctivitis. Annual meeting of the European Academy of Allergology and Clinical Immunology – Zurich, Switzerland.
  - 04.05.Monaco-3-M multifocal IOL - =results in daily practice – ESCRS, Monaco – Refractive Surgery.
  - 08-09. 03 -Brussel— Monitoring during ophthalmic surgery under loco-regional analgesia. Proc of the first European Congress on Ambulatory Surgery, Brussels, In press.
  - 30. 01 -. - New Delhi. Indian Intraocular Implant Society: Outpatient cataract Surgery.
  - 01. 02. – New Delhi – Indian Intraocular Implant Society: Peribulbar Anaesthesia in cataract surgery.
  - 01-05. 02 - India - New Delhi - All Ophthalmological Society - Golden Jubilee Conference, Cataract Surgery.
  - 20. 05 – London\_ Functional results with bifocal implants ECLSO .
  - 21. 05 -London- Personal experience with the 3M diffractive bifocal lens. European Contact Lens Society ECLSO..
- 

**1992**

- 25. 01 -Brussel - Symposium Local peribulbar anaesthesia. Anesthésie locale en oftalmologie SOBEVECO
- Antwerpen -Triceps behandeling van Bijziendheid – Klina,
- 25. 01 - Parijs - Symposium Chirurgie Ambulatoire - Anesthésie locale peribulbaire.
- 01. 02 - New Delhi.- Indian Intraocular Implant Society - Ambulatory IOL implant lens surgery review of 3000 cases.

- 01. 02 - New Delhi -Indian Intraocular Implant Society - IOL complications postop complications uveitis/UGH
- 01. 02 - New Delhi-Indian Intraocular Implant Society - Management IOL complications.
- 01. 02 - New Delhi- Indian Intraocular Implant Society - Selection of an IOL and why? How to infold and insert an IOL insertion in difficult situation. Bag insertion, how sure?
- 01. 02 - New Delhi -Indian Intraocular Implant Society - Nd Yag laser - small incision cataract surgery.
- 01. 02 - New Delhi - Indian Intraocular Implant Society - Ocular anaesthesia local/general.
- 14. 03. – Brussel- VUB: Botuline toxine in oftalmologie
- 11. 04 - Antwerpen - Oogzorg voor de derde leeftijd.
- 24. 05 - Brussel - SOE. Societas Ophthalmologica Europea. - International symposium on refractive errors and their correction - Surgical problems specific to out-patient surgery.
- 24. 05 - Ronde tafel – Out-patient ophthalmic surgery zondag – IX<sup>th</sup> Congress of the European Congress of Ophthalmology.
- 27. 05 – Antwerp - IX<sup>th</sup> Congress of the European Society of Ophthalmology Brussels-Aesculap Meditec Symposium. Organisation and lectures. Excimer Laser – first Excimer Worldwide - Live surgery.
- 05. 09 – Heidelberg, Germany - Comparative study of different bifocal implants. Storz True Vista - Investigation meeting
- 05. 09 – Heidelberg, Germany – Bilateral Implantation of True Vista IOL – Storz Investigational Meeting.
- 05. 09 - Paris - Xth Congress of European Society of cataract and refractive surgeons - Personal experience with bilateral bifocal implants. Comparative study of different bifocal implants. Storz True Vista – Investigation meeting.
- 26. 09 - Mannheim. --First results of PRK in hyperopia. Deutsche ophthalmologische Excimer laser vereniging.
- 07. 10 - Antwerpen - Stella Maris, . Instituut Hogere opleiding optiek - Toepassing van de Excimer laser in de refractieve correctie.
- 28. 10 - Brussel - APOB - Excimer laser chirurgie
- 7. 11 - Dallas - OAS.-Ophthalmic Anaesthesia Society. - Complications of local ocular anaesthesia.
- 16. 11 - Canada – Calgary- Out-patient cataract surgery –Gimble Eye Centre.
- 28. 11 - Brussel - BOG - Short term results with excimer laser refractive surgery.
- 28. 11 - Brussel - BOG - Comparative study of visual performance of different bifocal IOL's.

- 28. 11 - Brussel - BOG - Contrast sensitivity in different bifocal IOL's. Round table discussion.
- 4. 12 - Antwerpen - UIA - Oogheelkundige problematiek bij evaluatie menselijke schade.

---

### 1993

- Febr. Brussel -A long term trial of carteolol. Belgian carteolol study 1992 with M. Goethals, K. Vercruysse, O. Vandeputte.
- 14. 02 – Brussels- - BOG-SBO - Peribulbar regional anaesthesia for anterior eye segment surgery.
- 17. 03 -Kapellen Het acute oog. Kring Noorderkempen
- 04. 04 Aartselaar Het dragen van contactlenzen na Excimer laser. Excimer laser symposium De Ceunynck
- 29. 04 – Eeklo - Geneesherenverbond Noorden - Lasertherapie in de oogheelkunde
- 12. 05 - Seattle - ASCRS - Comparative study of visual performance of different bifocal IOL's.
- 27. 05 – Antwerpen - Huisartsenvereniging - Updating in oftalmologie
- 24. 06 - Antwerpen Noord - Oftalmologie voor de huisarts. Huisartsen kring -
- 08. 10 - Laren, Nederland - Dialoog refereeravond - Praktische ervaringen met silicone implantaties.
- 07. 11 – Brugge-Het rode oog Nascholing huisartsen Noord Nederland
- 28. 11 –Antwerpen - Ophthalmologica Belgica - OB - Results with the Meditec Excimer laser in unusual cases. SOBEVECO
- 28. 11 - Ophthalmologica Belgica - OB - Antwerpen - Historical development and present status of outpatient treatment in ophthalmology. BOOSS
- 28.11.-Haze stage 3 after myopic photorefractive keratectomy with the Meditec laser.

---

### 1994

- 27. 02 – Dendermonde -- Ambulante oogchirurgie Vereniging artsen Denderstreek. -
- 27. 04 – St-Niklaas – Huisartsen Oost-Vlaanderen – Acute oogpathologie
- 10. 04 - Boston - Excimer laser refractive surgery for high myopia. ASCRS
- 11. 04 – Antwerpen - Oogzorg voor de derde leeftijd.
- 17. 06 -- Strasbourg - Excimer Laser European Ophthalmic Society. - Le Laser excimer dans la myopie. ELEOS.

- 17.06.ELEOS Strasbourg : Hyperopic PRK Strasbourg
- 23. 06. – Lier -- Praktische oftalmologie updating. Postuniversitaire Kring Zuiderkempen.
- 28. 10 - San Francisco- Excimer laser refractive surgery in high myopia.ISRS - Surgery -
- 25-28. 11 – Brussel - OB - Personal Results of Yag laser capsulotomy. - One-year follow-up of 685 cases.
- 25-28. 11 - Brussel - OB - Holmium laser Thermokeratoplasty in special cases.
- 25-28. 11 - Brussel - OB - Photorefractive Excimer laser surgery in low- moderate and high myopia.
- 25-28. 11 – Brussel\_ Outpatient surgery, for or against it. OB

## 1995

- Brussels Excimer laser retreatment following photorefractive keratectomy for myopia; OB Brussels.
- Brussels.Influence of incision location and length on induced astigmatism after cataract surgery. OB Brussels.
- 27. 03 - Luxemburg – Société d’ophtalmologie - La chirurgie au laser Excimer dans la myopie.
- 28. 03 - Hallaar, - Rotary - Moderne oogchirurgie en therapie.
- 26. 04 – Mendoza Argentina- PRK Surgery for high myopia. XV Congreso Argentinio International Eye Mendoza Congress. – V
- April San Diego-One year follow-up of excimer refractive surgery in moderate and high myopia; ASCRS.
- 03. 06 - ASCRS, Summer meeting – Retreatment with the Aesculap Meditec Laser in myopia.
- 26. 10 – ISRS, Round Table Brussels – LTK in Europe
- 28. 10 –Chicago- Retreatment of problematic cases : decentration and small treatment zones – Aesculap Meditec – User meeting
- 28. 10 – Chicago -American Academy of Ophthalmology – Aesculap Meditec – User meeting – Retreatment in difficult cases using T. O. S. C. A.
- 08. 11. OB – Brussels-Comparative study of visual performance of the Storz Bifocal Zonal and the 3M Refractive multifocal Intraocular Lens.
- 09. 11. OB -Brussels A new practical instrument for refractive surgeons. The Colvard pupillometer.

- 28-30. 11 -Brussels Ophthalmica Belgica Storz bifocal zonal and the 3M multifocal IOL: comparative study
  - Nov. – Antwerp - OB - Two years result of Excimer laser photorefractive keratectomy with the Aesculap Meditec laser. - V
  - 28. 11 – Antwerpen - BOOSS: Een vergelijkende studie van het gebruik van Clozan bij ambulante chirurgie –
- 

## 1997

- 9. 1 -Mannheim-- Die Bedeutung der Refractive Chirurgie in der Privatpraxis, Germany
  - 8. 01 – Paris – Results of Holmium treatment for hyperopia.
  - 28. 04 -Boston -Two-year result of excimer laser refractive surgery with Aesculap Meditec laser. ASCRS
  - 13. 09 – Darmstädter- Akademie für Augengesundheit. - Strategien zur Augengesundheit – Excimer Laser Chirurgie.
  - 11. 10 - Bruges - -Techniques préférentielles de chirurgie réfractive sur 4. 000 cas de myopie faible, modérée et forte, hypermétropie, astigmatisme et chirurgie de la cataracte. Réunion des Sociétés d'Ophtalmologie de France
  - 24. 10 - San Francisco - ISRS -- Enlargement of the optical zone using the Aesculap Meditec Scanning Laser after previous refractive PRK surgery for myopia.
  - 5. 11. -Hong Kong - Two-year fup of excimer refractive surgery in moderate and high myopia.
- 

## 1998

- 28-29. 03 - Rome - Enlargement of the optical zone. 2<sup>nd</sup>.International User meeting Meditec–
- 28. 03 –Rome -.Making the transition from Surface PRT to Intrastromal Lasik Incentives and Pitfalls. International Asclepion User meeting in Rome
- 18–22. 04 - San Diego - ASCRS - Effect of retreatment using the Aesculap Meditec Scanning Excimer Laser after previous laser refractive surgery.
- 21. 04 - San Diego -- Retreatment using the Sunrise Holmium LTK system. ASCRS
- 22. 10 Alleur- Deux ans de chirurgie ambulatoire dans un centre indépendant – Symposium Clinique Ambulatoire.

- 22. 10 –Alleur L’Anesthésie locale du segment antérieure –
- 08. 11 – American Academy of Ophthalmology – Booth presentations – Early Clinical results with the Mel 70 G-scan.
- 26-. 11 - Brussel – Is topical anaesthesia dangerous? OB
- 27.11. Brussels OB 1998– A new practical instrument for refractive surgery: the Colvard pupillometer
- 26.Nov. – Brussel - OB - Results of clear lensectomy in high myopia: 70 treated eyes Treatment of complications of Excimer laser surgery using the MEL 70G scan with topographic link. –
- 26.11. – Brussel – OB - Clear lens extraction for hyperopia.
- 27.11 . - Brussel - OB - Retreatment with the Sunrise Holmium- YAG LTK system after previous refractive surgery.

---

## 1999

- 20. 03 – Milano - Symposium Buratto – “Astigmatism correction”.
- 12. 04 – New Orleans –ASCRS Topography Linked Customized Ablation Using the MEL 70 G-Scan - Course
- April - ASCRS - Retreatment after previous PRK and Lasik for myopia using the Sunrise Holmium LTK system
- April - ASCRS - Customized ablation using the MEL 70 scan.
- April - ASCRS - Clear lensectomy for hyperopia
- April - ASCRS - Is topical anaesthesia dangerous?
- 25-26. 08 - Buenos Aires - CRS Symposium – Asklepion Meditec - Study results with the MEL 70 G scan.
- 26. 08 Buenos Aires – CRS Symposium – Asclepion Meditec -: - Refractive surgery.
- 04-08. 09 – Vienna - Austria ESCRS - Six months experience with Topography Supported Customized Ablation (T. O. S. C. A)
- 05. 09. Vienna – ESCRS - Customized ablation techniques using Aesculap Meditec Laser.
- 06. 09. -Sept. -Vienna - ESCRS - Holmium retreatment of overcorrected myopic, PRK and Lasik.
- 21 10 – Orlando - ISRS - Topography Customized Ablation using the MEL 70
- 22. 10. - Orlando– ISRS - Clear lensectomy for hyperopia
- 23. 10. - Orlando– ISRS - Holmium LTK of overcorrected PRK and Lasik.

- 31. 10 – New Orleans – AAO – Topography linked customized ablation using the MEL 70 G-scan – Course.
- 26. 11 – Brussel - OB - IOL power calculation after refractive surgery: course 27/11/99
- 27. 11. -Brussel - OB - Topography supported customized ablation using the MEL 70 and Tomey TMS3
- 10. 12 –St.Niklaas Het Rode Oog — Huisartsenkring, Waasland.

## 2000

- 22. 01.Brussels Sobeveco -Lasik after PRK.
- 22. 01.Brussel- Sobeveco-Mumbai - Small optical zone with glare treat with Tosca customized ablation
- 19. 02 Mumbai -CRS Symposium – My nightmares
- 19. 02. – Results of Multicentre macular studies - Live Surgery
- 18. 02 - Lasik Surgery – Modern Techniques – Leela Hotel – Mumbai, India – Meditec CRS Symposium
- 24-25. 03 – Milano - Videorefrattiva – Round Table – Limits of Lasik
- 25. 03. – Milano – Videorefrattiva – Astigmatism treatment –
- 24-25. 03 –Retreatment of Lasiks – Paper - Video
- 28. 03 –Rome 2nd Aesculap Meditec User Meeting , Rome – Enlargement of the optical zone.
- April- Boston\_-ASCRS Tosca Wasca as a retreatment tool – Booth presentation - Asclepion, Meditec
- April –Boston- Retreatment – enlargement optical zones - - ASCRS Asclepion, Meditec
- April – Boston-Wavefront ablation as a retreatment tool - - ASCRS Asclepion, Meditec
- 06-09. 09 – Brussels – XVIII Congress of ESCRS – Tosca Customized ablation using Mel 70 and Tomey 3 – Paper
- 06-09. 09 Brussels – XVIII Congress of ESCRS – Tomey 3 – Topolink Customized Ablation – Paper
- 21-11 –Aswan Egypt Cataract and Refractive Surgery meeting - Clear Lensectomy for hyperopes
- 22. 11 Aswan – Cataract and Refractive Surgery meeting Aswan – Egypt - Customized Ablation with Mel 70
- 21-24. 11 –Aswan Cataract and Refractive Surgery meeting Aswan – Egypt – IOL power calculation after previous refractive surgery

- 21-24. 11 – Aswan Cataract and Refractive Surgery meeting Aswan – Egypt – Lasik after RK
- 21-24. 11 –Aswan Cataract and Refractive Surgery meeting Aswan – Egypt – Indications and Limitations of Lasik
- 24. 11. Aswan- Lasik after PRK Aswan –
- 21-24. 11 –Aswan -- Egyptian Society of Cataract and Corneal Diseases –IOL power calculations in refractive surgery
- 21-24. 11 – Egyptian Society of Cataract and Corneal Diseases – Aswan, Egypt – Clear Lensectomy in Hyperopia
- 21-24. 11 Aswan-- Egyptian Society of Cataract and Corneal Diseases – Aswan, Egypt – Lasik after RK Brussel –
- OB - Experience using the Erbium Yag phaco laser.
- OB - Retreatment after previous refractive surgery.
- ASCRS – First Clinical Experiences Topographic Supported Customized Ablation - Refereeravonden.
- Brussels -OB - Wavefront guided Lasik treatment: clinical impressions and experience.
- Brussels-OB - Tosca: topography guided treatment in Lasik surgery. - OB 2000
- Brussels-OB - Tosca using the Mel-70 Asclepion Meditec Laser and the Tomey TMS-3
- Brussels-22. 01 - Sobeveco – Brussel - Lasik after RK: per-operative flap management
- 22. 01 - Sobeveco – Brussel - Small Optical zone with glare, treated afterwards with topography supported customised ablation (TOSCA) –
- 21. 05 - New Orleans -- First clinical experiences using the Hyperion Sunrise Noncontact LTK system for hyperopia. ISRS
- ISRS - ISRS New Orleans - International Society of Cataract and Refractive Surgery - Topography-supported Customized ablation using the MEL 70 Aesculap Meditec laser and the Tomey TMS3.  
  - Oct– - Dallas -ISRS Lasik Retreatment after previous refractive surgery,
- November – Dallas\_ AAO American academy of Ophthalmology - Course Asclepion Meditec AG. Excimer laser in myopia, Hyperopia.
- November – – Dallas \_-AAO American Academy of Ophthalmology - Course LTK laser in hyperopia.
- November – Dallas –AAO Hyperion results of hyperopic treatment.
- 18. 11 – Singapore - Asclepion Meditec – First International Excimer User meeting in the New Millennium - Tosca Topolink treatment of aberrated eyes.

- 18-19. 11 – Singapore - Asclepion Meditec – First International Excimer User meeting in the New Millennium - Wavefront: fact or fiction?
- 18-19. 11 – Singapore - Asclepion Meditec – First International Excimer User meeting in the New Millennium - Clinical Experiences with MEL 70 Laser.
- Dec Brussels- 0B: Cataract surgery with the phacolase first experiences

---

## 2001

- ASCRS - First Clinical experiences Topographic supported Customized Ablation
- 03. 02 -Brussels- BSCRS - Belgian Society of Cataract and refractive Surgery - Difficult cases in refractive surgery
- February - Greece – Athens - Greekish Society of Cataract and Refractive Surgery Hyperion Holmium for hyperopia treatment.
- February – Korea – Seoul - CRS symposium Asclepion on Refractive Surgery – “Topography guided Lasik”.
- February – Korea – Seoul - CRS symposium Asclepion - Wavefront Guided Lasik.
- February – Korea – Seoul - CRS symposium Asclepion - Lasik retreatment, possibilities.
- March – Cairo - Egypt - Egyptian Society of Cataract and Refractive Surgery - Lasik basics.
- March – Cairo – Egypt - Complications in Lasik surgery.
- March – Cairo - Selection criteria for Lasik.
- March – Cairo - Lens power calculation after refractive surgery
- 04.04. Athens Hellenistic Society of refractive surgery. Refractive laser correction
- 29. 04 –San Diego Economic factors of Excimer laser – ASCRS-ISRS –, USA.
- 30. 04. San Diego ASCRS - Wavefront-Guided or Topography-Guided PRK or LASIK using the MEL 70 Asclepion Laser.
- 30. 04 San Diego- ASCRS - Lasik Retreatment After Previous Refractive Surgery.
- 30. 04 -San Diego ASCRS - First Clinical Experiences using the Hyperion Sunrise Noncontact LTK System for Hyperopia.
- April - San Diego - ASCRS - Holmium laser for hyperopia – LTK Symposium Sunrise.
- April - San Diego - ASCRS - Lasik in refractive surgery for myopia.
- April - San Diego - ASCRS - Laser in hyperopia surgery.
- April - San Diego - ASCRS - Enhancements in Lasik surgery.
- June: Istanbul - Turkey – ESCRS - Ophthalmic European Society - Complication handling.

- June: Istanbul – ESCRS - Results of excimer laser surgery in low and high myopia.
- June: Istanbul – ESCRS - Customized Lasik - Panel discussion: Excimer laser in ophthalmology.
- June: Montréal - Canada - Canadian Ophthalmic Society COS - Wavefront guided Lasik in Refractive surgery.
- June: Montréal – Canada - Panel discussion Wavefront.
- 15-17. 06 -- Antwerpen - CRS IX. Course Asclepion
- 15-17. 06 -- Antwerpen – Course X - Asclepion
- 03-05. 09 – Amsterdam – Wavefront Symposium Asclepion - Wavefront-guided WASCA and topography-guided TOSCA customized ablation using the MEL 70 excimer laser – Lecture
- September – Amsterdam ESCRS XIX – Wavefront guided – Wasca as refractive tool
- September – ESCRS - Amsterdam - Topography & Wavefront guided keratorefractive surgery
- September – ESCRS - Amsterdam - Clinical results using the hyperion non-contact Holmium laser. Hyperopia & Presbyopia.
- 08-09. 09: CRS X. – Asclepion Meditec.
- 23. 09 – Refrattiva Biarritz – Meditec Expérience Clinique.
- 29. 04 –San Diego Economic factors of Excimer Laser – ASCRS – ISRS – San Diego – USA
- 02. 09. 2 – Amsterdam – ESCRS XIX –Tosca with the Mel 70 – Course
- 02. 09. . – Amsterdam – ESCRS XIX – My experience with Wasca
- 02. 09. – Amsterdam – ESCRS XIX – Wavefront guided Wasca and Topolink Tosca as a retreatment tool
- 12. 11 – AAO – New Orleans - Surgical correction of Hyperopia – Panellist
- 12. 11 - New Orleans - AAO - Asclepion Wavefront Symposium - My clinical experience with TOSCA and WASCA – V
- 22. 11 - BOG - Wavefront and different keratomes
- 22. 11 - BOG - Customized ablation using the MEL 70 Asclepion laser
- 22. 11 - BOG - Wavefront guided customized Lasik using new ablation profiles with the MEL 70
- 22. 11 - SBO BOG - Controlled cone atmosphere - CCA
- 23. 11. - COS Toronto - Wavefront guided Lasik using the MEL 70 laser from Asclepion Meditec.

- Rome VI Congresso Nazionale AICER. Refractive surgery

---

## 2002

- ESCRS – Prospective, controlled comparison of Hansatome vs. M2 aberrations: can we control for flap induced aberrations in primary Wavefront guided LASIK?
- La chirurgie de la myopie; STRASSBOURG 10 TH ANNIVERSARY AESCULAP MEDITE France
- 18. 01. - Antwerpen -UZA Groepspraktijken in Oogheelkunde.
- 16/03 – Coex Inter-continental Seoul Carl Zeiss – Topography guided customized ablation with MEL 70. Wavefront Symposium Zeiss. –
- 30. 04 – ASCRS - Improvement of LASIK outcomes by using the CCA system with the MEL 70 laser.
- 30. 04 – ASCRS - Customized Ablation TOSCA, WASCA with the MEL 70
- 27-29. 09 –Mumbai India - Eye Advance 2002 –Fourth International Conference on Advances in Ophthalmology - Scientific program – Refractive lasers
- 28. 09 –Mumbai -India chief instructor: Dr. Goes - Lasik and beyond Lasik with Wavefront technology and aberrometers.
- 28. 09 - – Mumbai – Eye Advance Refractive Phakic and Pseudophakia IOL
- 28. 09. Mumbai Eye Advance - IOL power calculation after previous refractive surgery
- 28. 09. Eye Advance – Mumbai - Wavefront guided laser surgery present and future " Guest lecture"
- 29. 09. Mumbai Eye Advance – - Wavefront distortions induced by Lasik: study of different microkeratomes
- 29. 09. Mumbai Eye Advance – - First results using the accommodative CC IOL
- 29. 09. -Mumbai Eye Advance – Customized ablation using the Mel 70 laser and Wasca " Guest lecture".
- 29. 09. -Mumbai Eye Advance - Clear lensectomy for hyperopia.
- October – Orlando – Carl Zeiss Meditec - The Lasik Nomogram Validation of the MEL 80 – White papers.
- 28-22. 10 – ISRS - Prospective, controlled comparison of Hansatome vs. M2 aberrations. Can we control for flap induced aberrations in primary Wavefront guided LASIK? – P.
- October – ISRS - Advances in refractive surgery.
- November - Mainz - Marcx-Gross Universitäts-Augenklinik – Germany –The MEL 80 multicentre Trial

- November – Mainz - Round Table Diskussion und interaktives Abstimmssystem und live chirurgie.
  - 28-30. 11 -Brussels BOG Ophthalmica Belgica - Use of Alpha-2 adrenergic agonists to reduce glare after refractive surgery.
  - 29. 11 Brussels BOG Ophthalmica Belgica - The Zeiss Meditec aberrometer as a clinical diagnostic tool.
  - 30. 11- –Brussels BOG Ophthalmica Belgica - IOL power calculation after previous refractive surgery.
- 

## 2003

- January – Moscow – CZM - MEL 80 Symposium – The MEL 80 Laser Introduction.
- Feb. – Rome – ESCRS – Results of Mel 80 in Refractive Surgery.
- Feb. – Rome - ESCRS– Wavefront analysis in clinical practice.
- 13. 04 – San Francisco - ASCRS 12-16/04/2003 - Improving Lasik outcomes using new platform with the Zeiss Meditec Mel 80 Laser
- 14. 04 – San Francisco – ASCRS - The Mel 80 Laser technical concept and clinical outcomes. Booth Lecture
- 14. 04 – San Francisco – ASCRS – Wavefront symposium Zeiss Meditec – clinical appreciation of the MEL 80 Excimer Laser.
- 14. 04 – San Francisco – ASCRS - Improving my outcomes using the new Platform Mel 80 – Carl Zeiss Wavefront Symposium.
- 15. 04 – San Francisco - ASCRS– Analysing high order aberrations with zonal reconstruction.
- 21. 05 – Tunis - Carl Zeiss Meditec Symposium - International Fair of Tecnis –Mel80 and Topolink.
- 11. 06 – Madrid – Our experience with the ZEISS – MEDITEC SYSTEM. Zeiss Wavefront Symposium.
- 08. 09 – Munich – ESCRS - Carl Zeiss Meditec Wavefront Symposium - Myopia and Myopic Astigmatism using the new platform MEL 80. The one-year follow-up.
- 09. 09 – Munich – ESCRS – Improving Lasik outcomes by using Carl Zeiss Mel 80 Laser. Zeiss Refractive Symposium.
- 09. 09 – Munich – ESCRS – Four months follow-up with the new Zeiss MEL 80 Laser. Course Agarwal. –

- September – Munich – One-year LASIK experience treating Myopia with the Carl Zeiss Meditec MEL 80 LASER.
  - 12. 10 – De ambulante Chirurgie – Huisartsenkring – Denderstreek.
  - Dec. –Brussels OB - Modern biometry with the Zeiss IOL Master –
  - Dec. Brussels OB - Cataract surgery after previous refractive surgery –
  - Dec. Brussels OB – One-year Lasik outcomes with the new Carl Zeiss Meditec Mel 80 Laser
  - Dec. –Brussels OB - Lasek vs Lasik with the Zeiss -Asclepion Mel 80 Laser
  - Dec. Brussels OB – Lasik after radial keratotomy -
- 

## 2004

- 23-. 01 – Barcelona - ESCRS - Winter Refractive Surgery meeting - Quality of vision obtained with Lasik using the Zeiss Mel 80; one-year report.
- 24.01. – Barcelona - ESCRS – Wave front guided repair after previous Lasik surgery using the Zeiss Crs Master.
- 02. 05 – Paris - ASCRS– Carl Zeiss Wavefront Symposium – Clinical results with tissue saving - Mel 80 Results. - V
- 20. 09 – San Diego – ESCRS - Carl Zeiss Meditec Wavefront Symposium - Clinical results from new customized profiles for tissue saving ablations. – V
- 06. 11 – ONO – Ophthalmology Network Organisation.
- 06. 11 – Lausanne – 1st International Presbyopia Symposium – Accommodative IOL's, the truth.
- 06. 11 – Lausanne – 1st International Presbyopia Symposium – Presbyopia – Multifocal IOL's.
- New CRS Master Combines Topography Guided Technology as a Supplement to Wavefront – Carl Zeiss Meditec – White Paper.
- New Orleans. Lasers in Ophthalmology

## 2005

- - Moscow - Carl Zeiss Meditec Mel80 - Symposium: Introduction of the Mel 80. –
- 04-06 – Rome - ESCRS– CZM Refractive Symposium - The Zeiss CRS Master and the Mel 80 laser as a Wavefront-guided repair tool after previous LASIK surgery. –
- Past Presence and Future of Refractive Surgery – H. Orena.

- 16. 04 – Washington - ASCRS – Refractive Lensectomy in Myopia and Hyperopia - Indications, Technique, IOL Power. -
  - 17. 04 – Washington - ASCRS – Clinical Outcomes with the MEL 80 Laser. – Using aspheric laser profiler -
  - 17. 04 – Washington - ASCRS - Clinical Outcomes of Refractive Lensectomy in Hyperopia.
  - 22. 04 – Riga – Topolink in practice –Carl Zeiss Meditec Symposium.
  - 23. 04 – Riga – Clinical results with MEL 80 -Carl Zeiss Meditec Symposium.
  - 12. 09 – Portugal – Lisbon - XXIII Congress of the ESCRS – Clinical results of topography-guided repair cases using the CRS-Master. Carl Zeiss Innovation Symposium. –
  - 13. 09 - Portugal – Lisbon - XXIII Congress of the ESCRS – Improving clinical results of topography-guided repair with a new platform: MEL 80/Atlas. –
  - 14. 09 - Portugal – Lisbon - XXIII Congress of the ESCRS – Clinical outcomes of refractive lens exchange in hyperopia.
  - 14. 10 – Chicago – AAO - ISRS - Refractive Surgery 2005 – Improving Outcomes of Customized Repair with a New Platform: MELM 80/Atlas. Subspecialty day –.
  - 17. 10 – Chicago – AAO - ISRS - Refractive Surgery 2005 – Clinical Outcomes of Refractive Lensectomy in Hyperopia.
  - 18. 11 – Bangkok - International Mel 80 User Symposium Refractive Highlights Zeiss/Meditec – Ablation depth measurement in refractive surgery. Carl Zeiss Meditec.
  - 18- 11 – Bangkok - International Mel 80 User Symposium – Clinical results from repair cases with topographic guidance with the new CRS-Master.
  - 23. 11 –Brussels OB – Improving outcomes of Customised Repair with a new platform: Mel 80 / Atlas.
  - 23. 11 -Brussels OB Refractive Lensectomy using the Tecnis Diffractive Lens in Hyperopia.
- 

## 2006

- Rosa, N. ; Goes, F. ; Lansa M. Et al. Retrospective study on the reliability of the R factor in Intraocular lens power calculation after refractive surgery.
- 
- OB Long Term Outcomes of Refractive Lensectomy in moderate and High hyperopia.
- 21. 03 – San Francisco – ASCRS – Presbyopia and hyperopia correction with multifocal lenses. Course 8-930. – C

- 21. 03 – San Francisco – ASCRS – Refractive Lens exchange improves BCVA for medium and high hyperopia – Carl Zeiss Symposium.
- 20.05. Dubrovnik-Multifocal lens Implants Croatian Society Lasers in Ophthalmology
- 10. 06 – Singapore - 21<sup>st</sup> APAO Congress 2006 – Refractive Lensectomy with the Tecnis ZM Diffractive IOL.
- 10. 06 – Singapore - 21<sup>st</sup> APAO Congress – Innovations in Refractive Surgery – Symposium – Results of customized repair with a new platform: Mel 80 / New CRS Master. –
- 10. 06 – Singapore - 21<sup>st</sup> APAO Congress – The new CRS Master and Combined Topography/Wavefront Guided Treatment. -
- 10. 06 – Singapore - 21<sup>st</sup> APAO Congress – Long term Clinical outcomes of Refractive Lensectomy in Moderate and High Hyperopia.
- 10. 09 – London - XXIV Congress of the ESCRS – Clinical results with the Tecnis ZM Multifocal Lens in Hyperopia and Presbyopia.
- 10. 09 – London - XXIV Congress of the ESCRS – Carl Zeiss Innovation Symposia – 1-year experience with Topo-guided ablations and Oculign Eye registration.
- 10. 09 – London - XXIV Congress of the ESCRS – AMO Symposium - Merging Cataract and Refractive Surgery - Achieving Spectacle Independence with Multifocal IOLs
- 09-13. 09 - London – XXIV Congress of the ESCRS – Results of Customized Repair with a new platform: MEL 80 / New CRS Master Tosca II. - Ps.
- 09-13. 09 – London - XXIV ESCRS Congress. Long term Clinical outcomes of Refractive Lensectomy in Moderate and High Hyperopia.
- 06. 10 – Mumbai - Eye Advance 2006 – Amadeus II for Lasik and Epilasik: Personal experiences.
- 07. 10 – Mumbai - Eye Advance 2006 – Personal experience with Verisyse and Veriflex.
- 07. 10 – Mumbai - Eye Advance 2006 - Results of Customised Repair with a new platform: Zeiss MEL80 / CRS Master II.
- 08. 10 – Mumbai - Eye Advance 2006 – Presbyopia treatment – today and tomorrow.
- 08. 10 – Mumbai - Eye Advance 2006 – Clinical results with the Tecnis multifocal lens in presbyopia, hyperopia and cataract.
- 09. 10 – Mumbai - Eye Advance 2006 – Dry Eyes and Lasik.
- 11. 10 – Las Vegas - ISRS/AAO – Refractive Lensectomy With the Tecnis ZM Aspheric Multifocal Lens in Hyperopia: 6 Months Results.

- 11-14. 11 – Las Vegas – AAO – Results of Customized Repair with a new platform: Zeiss Mel 80 / New CRS Master Tosca II.
  - 13. 11 – Las Vegas – AAO – Clinical Results with the Tecnis ZM Multifocal Lens in Hyperopia and Presbyopia.
  - Nov. –Brussels. OB – Mix Max – Strategy in Bifocal IOL's.
  - Nov. – Brussels OB – Retreatment after previous refractive surgery
  - 25. 11–Amsterdam Nederlandse Intra Oculaire Implant Club Symposium – Mix or Match: mijn strategie in multifocale IOL implantatie.
- 

## 2007

- AAO – Long term Clinical outcomes of Refractive Lensectomy in Moderate and High Hyperopia.
- 04. 02–Athens ESCRS - Winter Refractive Meeting 2007 – Improving refractive laser surgery outcomes using Oculign eye registration with the MEL 80.
- 04. 02 – Athens - ESCRS - Bilateral TECNIS MF versus Customized-TECNIS MF and ReZoom: Achieving spectacle independence.
- 04. 02 – Athens – ESCRS - Winter Refractive Meeting– Refractive Surgery Outcomes III - Presbyopia.
- 18. 03 – Potsdam - DOG – Bilateral Implantation Tecnis ZM 900 and Mix Match.
- 24. 03 – Singapore - MEL 80 International User Symposium 2007 — My clinical benefits of the Oculign Eye registration of the CRS Master Custom treatment platform my results in topography customization.
- 28. 04 – San Diego - ASCRS ASOA – Mix and Match Pearls: Which Multifocal for Which Patient – Preop and Postop Examinations and Results.
- 29. 04 – San Diego - ASCRS - Bilateral Tecnis Multifocal IOL Versus Customized Tecnis Multifocal and ReZoom IOLs: Achieving spectacle independence.
- 29. 04 – San Diego - ASCRS - Carl Zeiss Innovation Symposium: Refractive Highlights: Oculign Improvement. – Clinical benefits of the Oculign eye registration of the Crs master custom treatment platform.
- 11-12. 05 – Helsinki - FSCRS - Finish Refractive Society – Experience with multifocal intraocular lenses.
- June – St-Petersburg - Fyodorov Symposium – Optimizing MEL 80 outcomes

- June – St-Petersburg - Fyodorov Symposium - Zeiss Mel 80: Results customized ablation – Oculign registration.
- Jun – St-Petersburg - Fyodorov Symposium – Topoguided Lasik - Optimizing MEL 80 outcomes using the new CRS Master and the Oculign System.
- June – St-Petersburg - Fyodorov Symposium – How to achieve spectacle independence using multifocal IOLs.
- 12. 06 – Iris-based registration and eye tracking essential to accuracy of laser ablation of outcomes with Mel 80. Eurotimes Europe.
- 10. 09 – Stockholm - ESCRS - Bilateral Tecnis MF versus Customized Tecnis MF and ReZoom.
- 26. 10 – Moscow - Fyodorov Symposium – VIII Symposium International Congress Technologies – How to achieve spectacle independence in Presbyopia.
- 26. 10 – Moscow - Fyodorov Symposium – Customizing Tecnis MF and ReZoom Multifocal IOLs.
- AAO – Long term Clinical outcomes of refractive Lensectomy in moderate and high myopia.
- Nov – Brussels OB -The VisuMax Zeiss LASER A FLAPMAKER A FRACTIVE TOOL: First personal experiences
- Nov – Brussels OB - Bilateral refractive lens exchange with Tecnis mf and ReZoom -.
- 02. 12 – – Antwerp – AMO - Academy Multifocale Intraoculaire lenzen bij refractieve en cataract chirurgie: goed zien ver en nabij.

---

## 2008

- 19. 01 – Antwerpen – KGKA — Het Rijk der Zinnen – Voorjaarssymposium.
- 19. 01 – Antwerpen – KGKA – For your Eyes only – Voorjaarssymposium.
- Jan – – Bangalore –India All India Ophthalmological Society – Customizing Laser Refractive Surgery using the MEL 80 – topolink Wavefront.
- Jan –Barcelona Winter Symposium- ESCRS. Mixing and. Matching Tecnis MF ReZoom for presbyopia
- Jan – Barcelona – ESCRS Multifocal IOLs for presbyopia.
- April – Chicago - ASCRS – ASOA – Intraocular Surgery – Presbyopia - Correcting IOLs – P
- 08-14. 04 –New Delhi Intraocular and Refractive Surgery Society India – Visual results following implantation of Refractive and Diffractive Multifocal Iol's –
- 09. 06 Schoten Antwerp Update 21e eeuw Moderne behandeling en onderzoeksmethoden bij oogafwijkingen. Vereniging van Schotenhof

- 04-09. 05 – Chicago - ASCRS – ASOA – Long term outcomes of refr lens exchange in hyperopia –
- 04-09. 05 – Chicago - ASCRS – ASOA – Bilateral Refractive lensectomy with Tecnis MF and ReZoom IOLS – P.
- 04-09. 05 – Chicago - ASCRS – ASOA – Presbyopia and hyperopia correction with multifocal and accommodating lenses. April 8th. 8-930 AM Course April 8; 8-930 am.
- 08-14. 05 – India – Intraocular Implant and Refractive Surgery Society India – Visual Results following implantation of Refractive and Diffractive multifocal IOL's PB.
- 23. 08 – Mumbai Eye Advance Mumbai – India -VII th International Congress on advances in Ophthalmology. Flex with the Zeiss VisuMax Femtosecond Laser: A New Paradigm in Laser Refractive surgery –
- 23. 08 –Mumbai Eye Advance Mumbai – India - How to obtain Spectacle Independence in Presbyopia and Hyperopia; Customizing Tecnis MF and ReZoom.
- 23. 08 – Mumbai Eye Advance Mumbai – India - Customizing Laser Refractive Surgery with the Zeiss Mel 80 Laser Using Topolink-Wavefront and Oculign –
- 23. 08 – Mumbai Eye Advance Mumbai – India - Clinical Outcomes of Cataract Surgery and IOL Implantation after Previous Refractive Corneal Surgery. Personal Results.
- 14. 09 – XXVI Berlin – ESCRS – Presbyopia and Hyperopia Correction with Multifocal and Accommodative lenses - Course
- 13-17. 09 – XXVI Berlin – ESCRS – Haigis W. – Goes F. – IOL calculation for hyperopic eyes –
- 15. 09 – XXVI Berlin – ESCRS – Haigis W. – Goes F. – IOL calculation after refractive surgery for hyperopia –
- 17. 09 – XXVI Berlin – ESCRS – Bilateral refractive lensectomy with Tecnis MF and ReZoom – Presbyopia/RLE
- 08-12. 11 – Atlanta – AAO – Mixing and Matching Multifocal Lenses: Results of a European Multicentre Project.
- 08-12. 11 – Atlanta – AAO – Bilateral Refractive Lensectomy with Tecnis MF and ReZoom.
- 08-12. 11 – Atlanta – ISRS + AAO – Mixing and Matching Multifocal Lenses: Results of a European Multicentre Project.
- 27-11 – Brussels OB 2008 — Mixing & Matching Multifocal Lenses: Results of a European multicentre project –
- 28. 11 –Brussels OB 2008 — The Zeiss VisuMax Femtosecond laser as a Flapmaker and as a Refractive tool.

**2009**

- April – San Francisco – ASCRS – Bilateral Refractive Lensectomy – Tecnis MF versus Tecnis ReZoom - Poster
- April – San Francisco – ASCRS – Mixing and Matching Multifocal IOLs. Results of an open European multicentre project.
- 08. 08 – Geneva Switzerland – – Development of a patient selection tool for implantation of multifocal lenses.
- 08. 08 — Geneva — Presbyfemtolasers: new approach spherical aberration, asphericity factor and residual accommodation.
- 08. 08 — Geneva – Bilateral Refractive Lensectomy – Tecnis Technis MF versus Custom match.
- 08. 08 –Geneva – Tecnis ReZoom: Best way to achieve spectacle independence? Mixing & Matching Multifocal Lenses: Results of an open European multicentre project.
- 12. 09 – Barcelona – ESCRS - Clinical performance of Tecnis multifocal acrylic Lens ZMA00: Refractive Lens exchange / Laser refractive surgery, 2009
- 16. 09 – Barcelona – ESCRS – Mixing and matching multifocal Lenses: results of a European multicentre project – Keratorefractive surgery outcomes.
- 24-27. 10 – San Francisco – AAO/ISCRS - Subspecialty day – Round Table – Multifocal IOLs
- 25-27. 11 – Brussels OB - Clinical performance of Tecnis multifocal acrylic lens ZMA00 -
- 25-27. 11 - Brussels OB The Zeiss VisuMax Femtosecond laser as a Refractive tool-A Paradigm Shift - FLEX-Excision instead of ablation -
- -25-27. 11 - Brussels OB - Clinical performance of Tecnis multifocal acrylic lens ZMA00 - Goes Sr. - Antwerp
- 25. 11. Brussels First clinical experience with the new 1 Piece multifocal IOL Vienna. Escrs.

**2010**

- 04-08. 09 - Paris XXVIII Congress of the ESCRS – Patient selection for multifocale IOLs based on psychometric tests 350 patients questionnaires – First results –
- 01. 10 - Chicago ISRS – AAO – One Piece ZMB00 Multifocal IOL -
- 24-26. 11 - Brussels OB – 14:10 u 230 – Lens surgery after previous Refractive surgery. Review of 145 eyes
- 24-26. 11 - Brussels OB– - Patient selection for Multifocal and or accommodative IOLs. How can we improve!

- 08. 06 -Berlin WOC Berlin XXXII International Congress of Ophthalmology "Mix and Match Options".
